Certificate of Participation

The conference

Analytical and Numerical Methods in Differential Equations (Yanenko 105)

organized jointly by Suranaree University of Technology, Stellenbosch University, the Khristianovich Institute of Theoretical and Applied Mechanics and the Moscow Center for Fundamental and Applied Mathematics, took place as a virtual conference during March 23-27, 2026. There were 188 participants and 107 speakers from 15 countries in 5 continents.

This is to confirm that **Mr. Monishwar Reddy Vardireddy**, attached to Woxsen University, took part in the conference and gave a 20-minute presentation titled:

Analysis of Epidemic Models through Singularities

The conference organizers wish to express their sincere appreciation to Mr. Monishwar Reddy Vardireddy for his active participation, helping make the conference a success.

Sincerely,

Sergey Meleshko
Chair, Organizing Committee
